

# ELC102 - Score Display - Wiring

## Notes

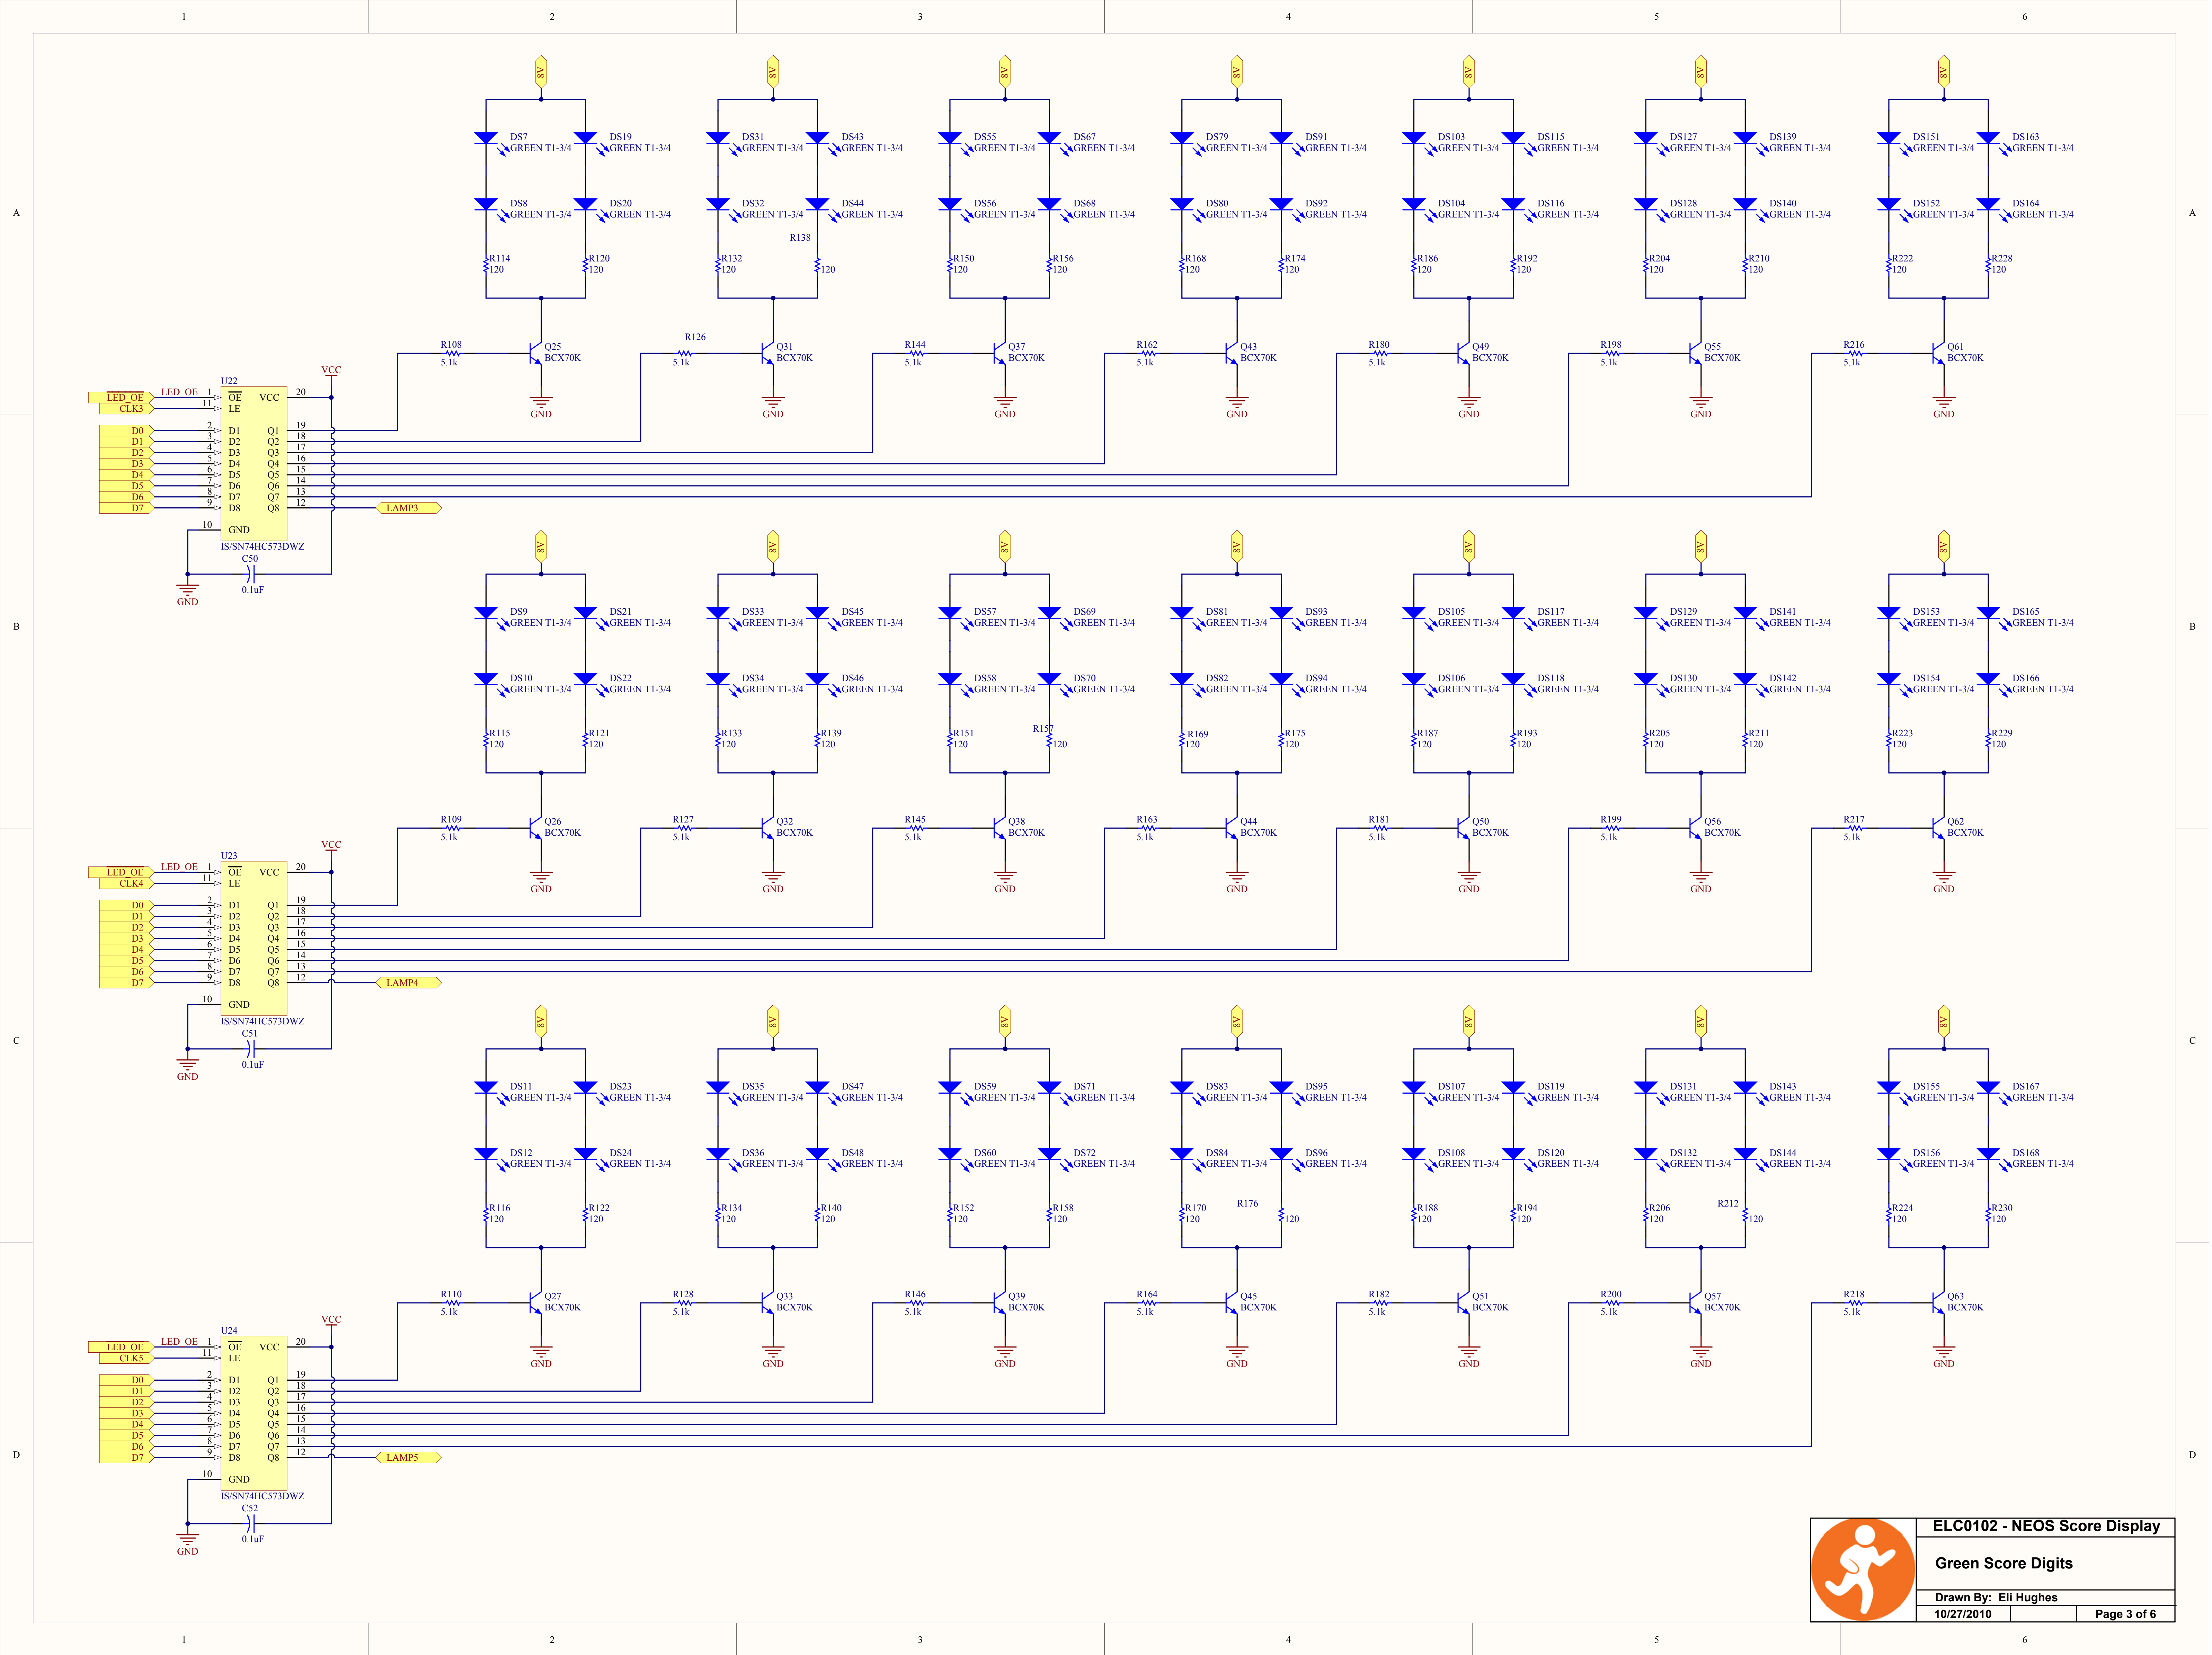

- There will be 2 wire bundles coming from the PCB to 4-Pin Deutch Connectors.
- Each of the wire bundles should be 12" in length
- Wiring is to be 12AWG high strand count wire for flexibility
- Wire color should be white for all connections
- Wire bundles should be zip-tied every 3"

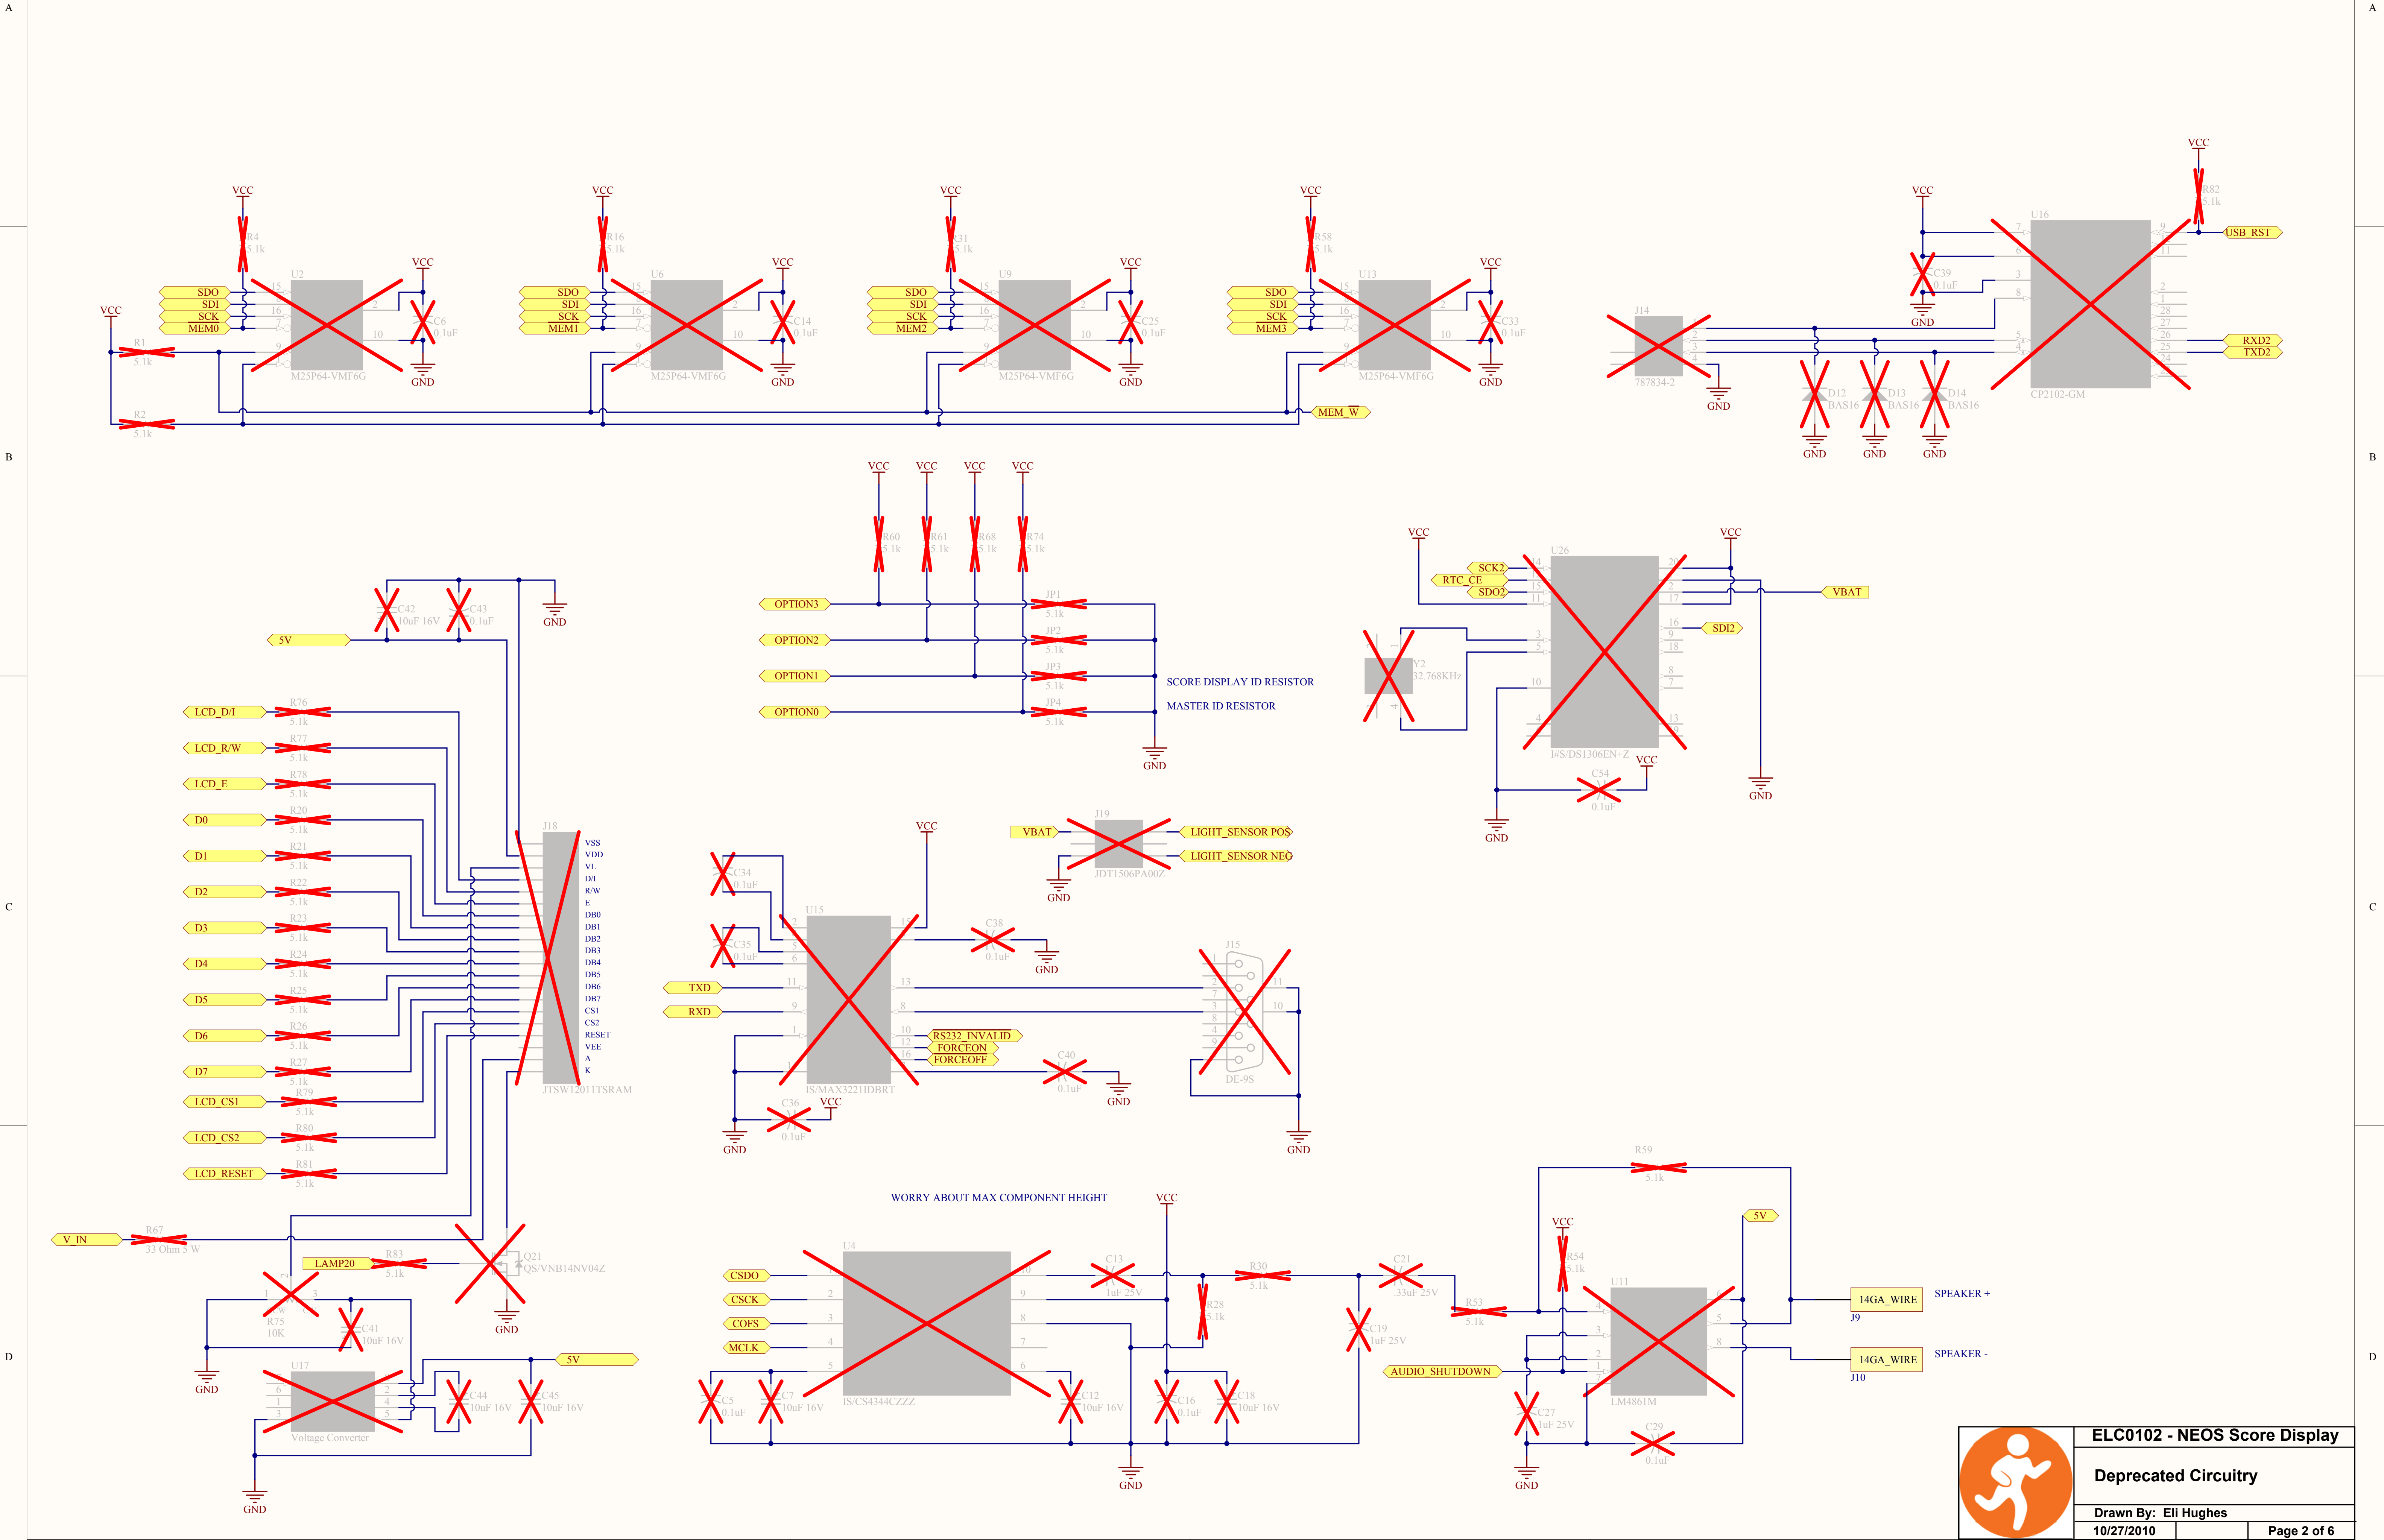

CAN Connector Pinout

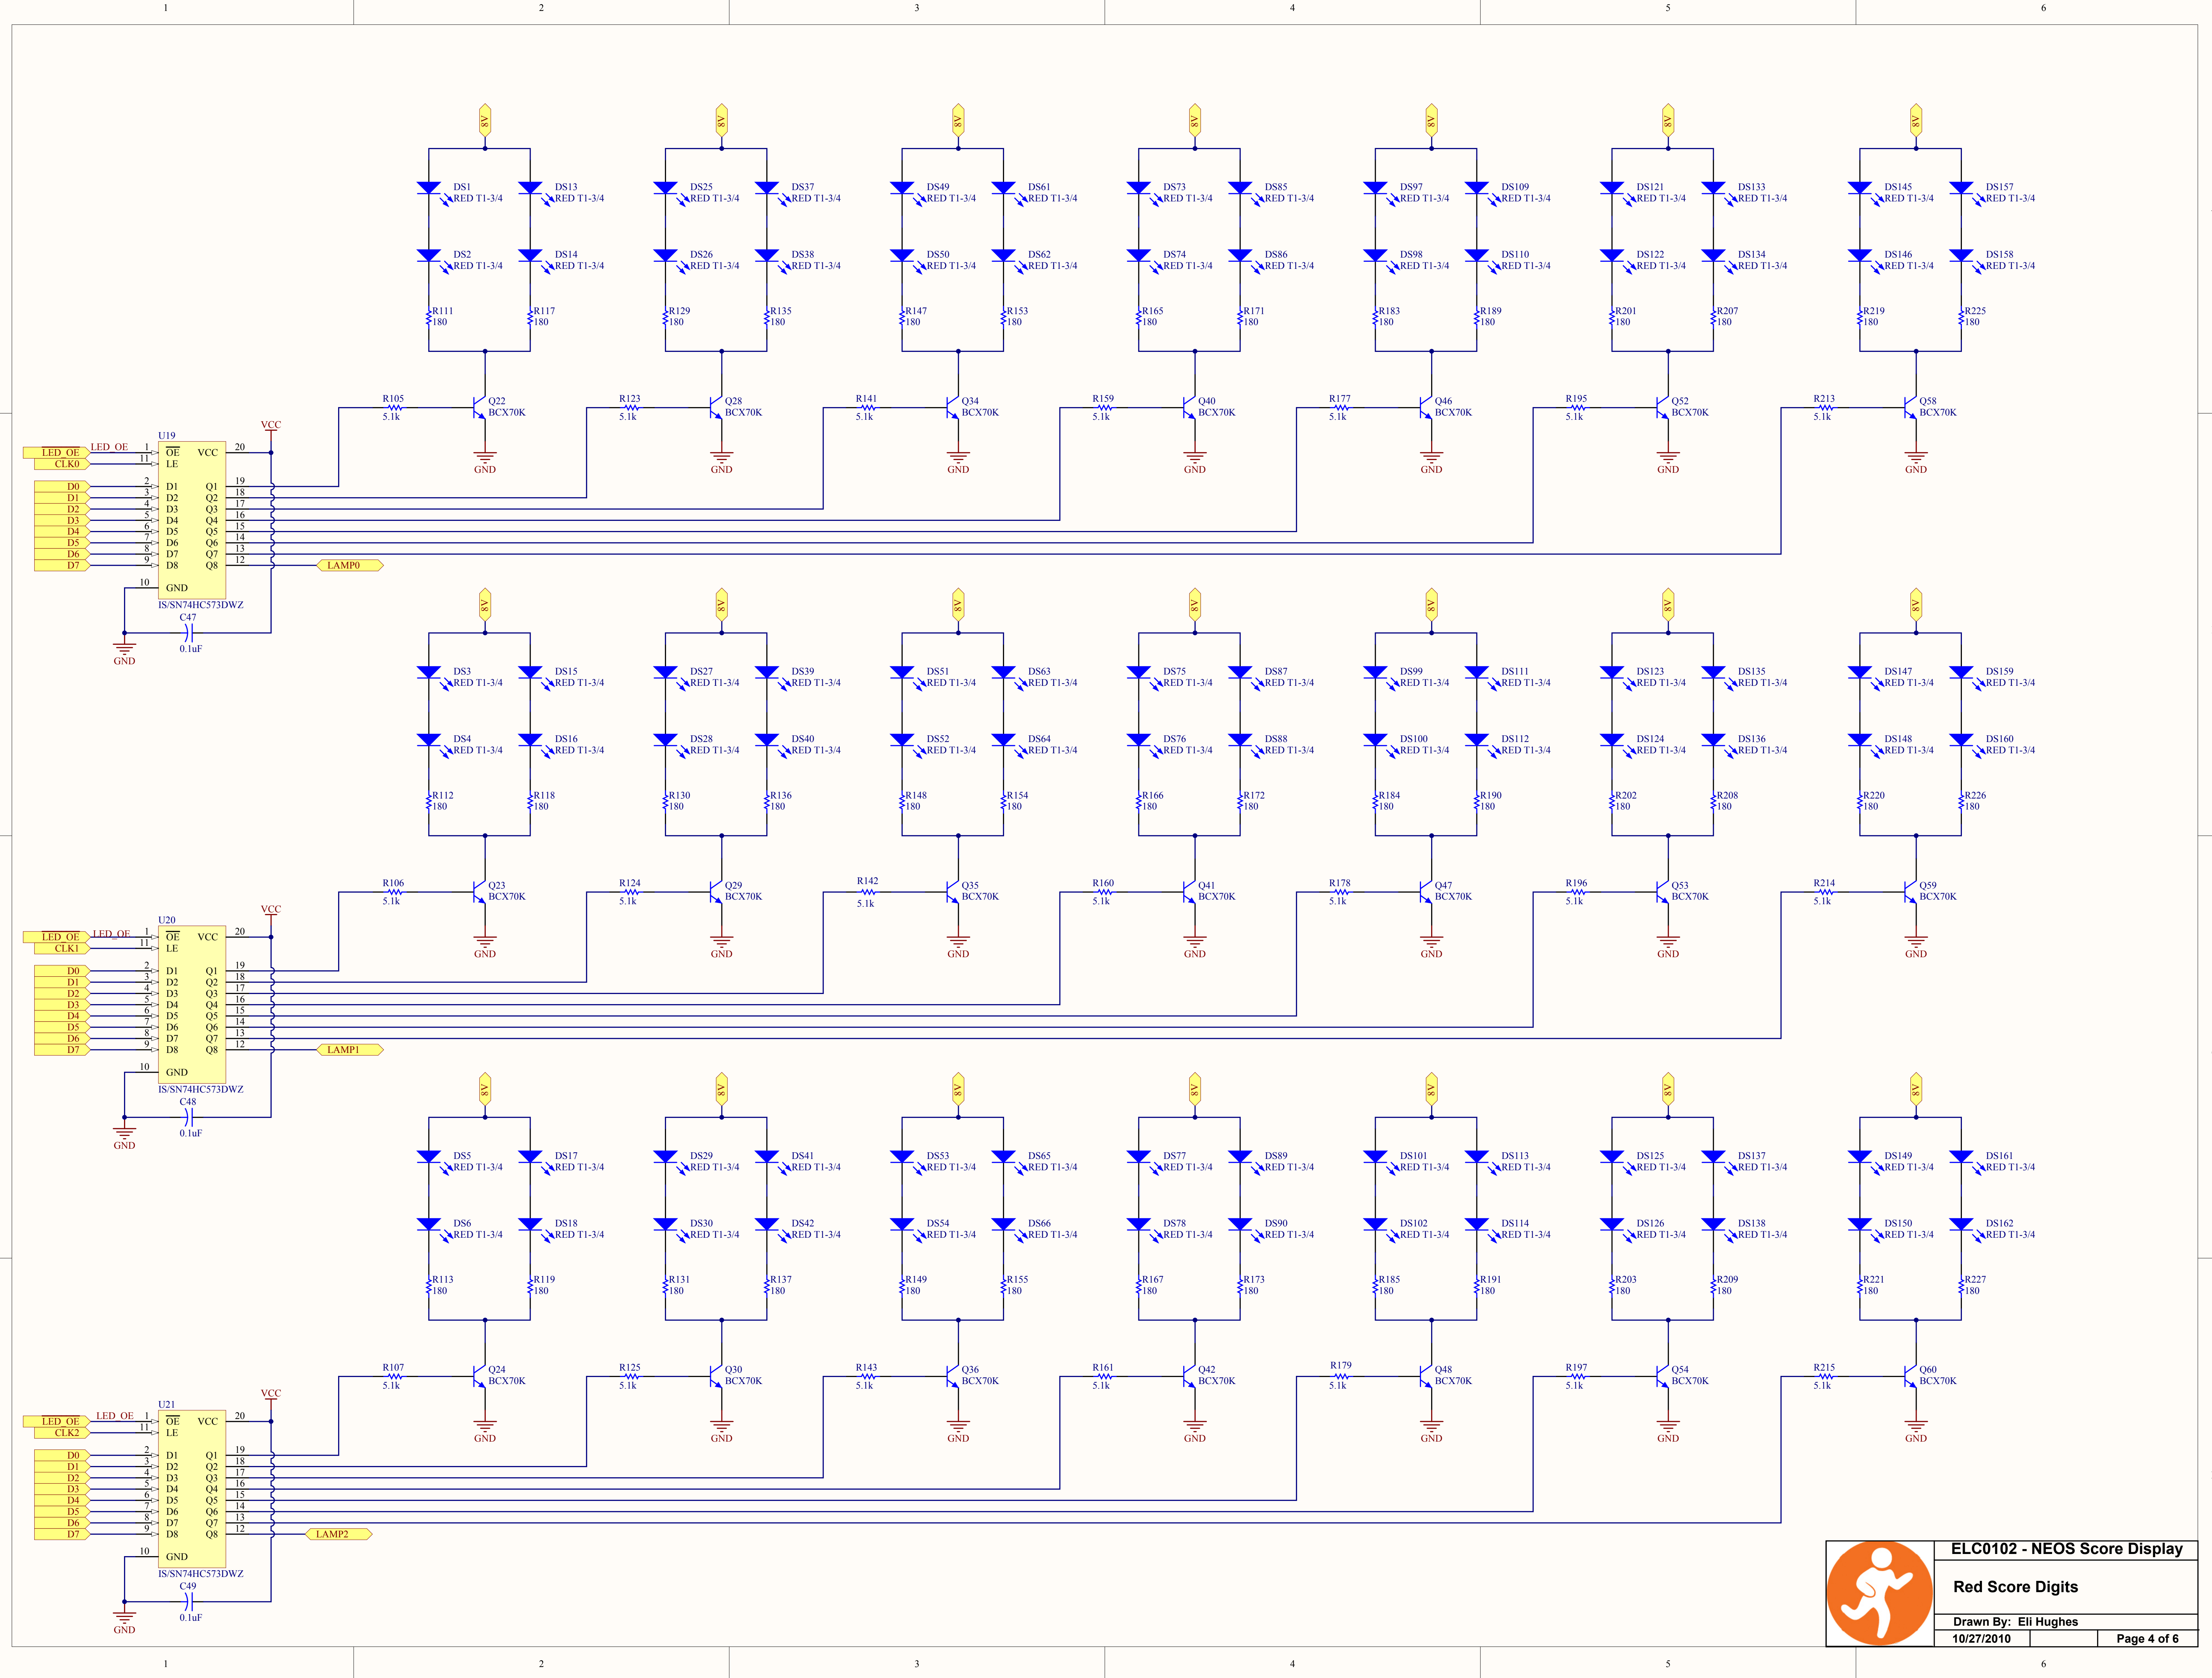

Pin #	Function
1	GND
2	VIN
3	CNL
4	CNH
